

Get Your Ole Miss School of Education Degree ...*Online*

The School of Education now offers an online

Professional Master of Arts in Higher Education/Student Personnel.

This part-time program is designed for higher education professionals interested in advancing their careers in administration at a college or university while retaining their current positions. The program of study fosters a strong theoretical understanding of the underpinnings of college and university functions, including such services as financial aid, career counseling, admissions, enrollment services and development, among many others. Students take two classes per semester and are taught by the same higher education faculty members who instruct on-campus students.

Program benefits include:

- Online classes/flexible schedule for working adults
- Cost-effective—flat tuition rate no matter where you live
- Taught by full-time Ole Miss School of Education faculty
- Students complete the program together as a cohort
